HEM KAMLI

+91 9054591731 · hemk2810@gmail.com
Ahmedabad, Gujarat

Detail-oriented and innovative developer with a year of professional experience in the web development. Skilled at creating seamless web applications, front-end and back-end development, UX design, and tools like Figma and WIX Studio. Proficient in designing and implementing scalable, user-centric solutions. Experienced in deploying and managing scalable applications using cloud services like AWS, ensuring reliability and performance.

TECHNICAL EXPERTISE

NestJS	Html/css	MySQL	AWS
NodeJS	ReactJS	PostgreSQL	REST APIs
ExpressJS	NextJS	MongoDB	TypeORM

PROFESSIONAL EXPERIENCE

July 2024 - Present

OneClick IT Consultancy P Limited
Software Engineer Level - 1

Contributed to the development and optimization of web applications, improving performance and user engagement. Gained hands-on experience in both front-end and back-end technologies, collaborating with senior developers to deliver high-quality solutions.

Laytrip - Project

Laytrip is a travel-booking platform, designed to enable easy travel planning for everyone. In this project, I worked as backend developer, working on building and improving core functionalities that enable ease in booking and management of flights & hotels.

- Improved system performance by optimizing database queries and backend workflows, ensuring faster response times and reliability.
- Collaborated with the frontend team to ensure smooth data flow and user experience.
- Contributed in debugging and troubleshooting to resolve system issues and enhance platform stability.
- Ensured scalability and security of the platform by following the best practices in coding and database management.

Software Engineer Intern   **Jan 2024 - Jun 2024**

- Enhanced skills in web scraping by working on a project to extract flight rate data for Travel Rate Scraping during internship.
- Enhanced problem-solving skills, team work, debugging skills during internship.
- Improved core foundation of technologies like node, react, html/css, web securities.
- Developed a web scraping platform and Crawlee Playwright to extract flight rates from websites. Stored data in MySQL for comparison and markup calculations.

BISAG-N   **May 2022 - Jun 2022**
Software Developer Intern

Completed a one-month internship specializing in Java, JSP and JDBC, gaining practical experience in web application development and database management.

Accomplishments:
- Developed an Inventory Management System using Java, JSP, JDBC, and MySQL, streamlining asset management processes..
- Designed a user-friendly interface leveraging Bootstrap for seamless system interaction.
- Gained hands-on experience in web application development and database management with MySQL

EDUCATION

Ganpat University
Bachelor of Technology in Computer Science Engineering - 2024

Sneha T. Patel Higher Secondary School
H.S.C GujaratSecondary & High. Sec.Edu. Board, Gandhinagar 2020

CERTIFICATES

AWS Academy Graduate
AWS Academy Cloud Foundations
